SHELARAK[®] M 500

Bench top sealer for heavy-duty use, especially in blood processing labs

The bench top sealer, Shelarak[®] M 500, has been designed to meet high standards in blood components processing: consistent high quality sealing excellent performance after repeated use, safety features and easy use.

EASY USE

- ▶ Automatic sealing process (when tube is placed in the slot of Head unit)
- ▶ LED lights for visual process control
- ▶ Tube is easily pulled apart
- ▶ Front electrode can be easily removed for cleaning
- ▶ Portable, can be used in blood collection camps

SAFETY FEATURES

- ▶ Splash and touch protected sealing area

CONSISTENT HIGH QUALITY SEALING & EXCELLENT PERFORMANCE

- ▶ For all types and size of tubes (up to 5mm outer diameter)
- ▶ For sealing (0.5-3 sec) with a sophisticated sensing system to automatically adapt sealing time

TECHNICAL SPECIFICATIONS

Sealing time	0.5-3 sec. Depending on tubing
RF Output	15W/50Hz max./50Ω/40.68 Mhz
Input Power	110/230 V~ -50/60 Hz, SMPS system
Consumption	50 VA
Size (W x L x H)	260 x 260 x 140 mm
Weight KG	4 KG
In compliance	CE marked
Design Standard	according to IEC 601-2-2 and IS 7583 safety & design standard
